

## Latex-free nitrile gloves providing lightweight chemical resistance and increased comfort

- **Advanced ergonomics:** AlphaTec® 37-300 nitrile gloves offer a thickness of 0.2 mm (8 mil), granting enhanced dexterity and tactility without compromising durability
- **Specialized protection:** These nitrile gloves feature an NBR coating, which provides protection against light acids, greases, oils and liquids
- **Genuine versatility:** Designed for an optimal balance of fit and flexibility, AlphaTec® 37-300 gloves can be used on their own or as an overglove
- **Enhanced features:** These nitrile rubber gloves are latex and silicone-free, protecting workers against Type 1 allergies, and feature a long cuff that extends to the forearm, making them the ideal food processing gloves

### Industries

- Food Processing
- Agriculture
- Utilities
- Warehousing

### Applications

- Fruit Processing
- Fruit and Vegetable
- Poultry Processing
- Prepared Meals
- All food processing applications that have food contact
- Dairy Processing
