

# 4000 Cape Hood - Model 507

Innovative multi-layer chemical barrier technology

# Protective cape hood, designed with innovative multi-layer chemical barrier technology.

- Heightened defenses: AlphaTec<sup>®</sup> 4000 Cape Hood Ultrasonically Welded - Model 507 delivers exceptional protection, having over 200 chemicals permeation tested, including chemical warfare agents
- Enhanced protection: Designed to protect, this protective garment is composed of a multi-layer barrier fabric, which offers a lightweight yet robust textile feel while ensuring chemical resistance
- **Reduced contamination risks:** As it is free from silicone, these green chemical protective garments present a lower risk of contamination, resulting in optimal personal protection

#### Industries

- Chemical
- Life Sciences
- Mining
- Fire and Rescue
- Oil and gasAutomotive Aftermarket
- Food Processing

### **Applications**

- Contaminated
  Environments
- Chemical Handling
- Filling, blending and charging of raw materials
- Transferring liquids and solids
- Opening and draining pumps valves or lines
- Loading and unloading of proces equipment
- Raw material sample collection
- Concentration mixing and palletisation
- Hazmat responseAssembly and
- Assembly and disassembly of equipment

# Technology

# • Exceptional protection: Over 200 chemicals permeation tested

## **Performance Standards**

### **Product Information**

Product Information	
Available Sizes	One Size
Color	Green
Country Of Origin	China
Packaging Overview	20 in a compressed bag
Product Material	Multi-layer non-woven barrier Laminate fabric
Product Reference	4000 Cape Hood - Model 507
Seam Type	Welded
Shelf Life	5 years
Style Number	G40W507

#### Suit components & accessories

Suit Components and Accessories	
Design Features	Cape hood, Balaclava style cape hood covering part of shoulders, velcro fastening to front and welded seams.
