

Highly comfortable chemical gloves, ensuring hand protection with excellent grip

- **Elevated comfort:** AlphaTec® Solvex® 37-176 industrial gloves' cotton flocking absorbs perspiration, for more comfortable all-day hand protection
- **Enhanced grip:** Their reversed lozenge finish grants them more assured grip, for safer handling
- **Specialized protection:** Their high-performance nitrile compound composition guarantees EN 374 Type A chemical protection
- **Augmented dexterity:** Their 15 mil/0.38mm make-up results in greater dexterity
- **Improved durability:** These AlphaTec® gloves are more durable than similarly thick rubber or neoprene equivalents
- **Genuine versatility:** AlphaTec® Solvex® 37-176 PPE gloves are suited to wet and dry conditions, and used for a wide variety of applications

Applications

Previously known as: Solvex[®] 37-176

Key Features

- **Cotton flocking:** Reduced perspiration, for heightened comfort
- **Reversed lozenge finish:** For safety gloves with more secure grip
- **Nitrile compound composition:** EN 374 Type A chemical protection
