## AlphaTec® Solvex®

### 37-873

Tough, comfortable nitrile glove for chemical and liquid protection

# Chemical gloves ideal for a wide range of applications, with a great fit for Asian hands

- Increased defenses: The AlphaTec<sup>®</sup> Solvex<sup>®</sup> 37-873 is made from high-performance nitrile compound, enabling it to offer chemical, snag, puncture, and abrasion resistance as well as deliver optimal results in wet or dry work environments
- Advanced ergonomics: Comfortable and flexible, these safety gloves feature a curved finger design that fits naturally to reduce hand fatigue
- Enhanced features: These hand protection gloves ensure a special hand fit for Asians, due to the shape of the former, and are flock-lined for better sweat absorption
- Reduced risks: As these nitrile gloves do not contain natural rubber latex, they protect wearers from Type 1 allergies
- Food handling compliance: These protective gloves also comply with FDA food handling requirements
