

DISPOS-A-GLOVE® Sterile Single

Essential Series

These single-packed synthetic medical exam gloves are ideal for brief, sterile applications

- Sterile: Packaged as a single sterile glove per pouch, these powder-free gloves are suitable for sterile medical exam (non-surgical) procedures
- Reduced allergy risk: This synthetic glove is made from copolymer materials (ethylene vinyl acetate film), making it suitable for use by individuals with allergies to natural rubber latex (Type I allergies)
- Heightened sensitivity: This glove also offers good tactile sensitivity to the wearer
- **Double-gloving friendly:** DISPOS-A-GLOVE[®] can suitably be used as a glove liner for increased protection
- **Cost-effective:** This synthetic glove for sterile use is offered at a competitive price point
- **Easy donning:** This glove is packaged on backing paper, making it easy to don

Recommended For

- Sterile procedures outside of the O.R.
- Brief, low-risk examination procedures
- Protection from Type I latex allergy in HCW's or patients
