

# GAMMEX® Latex Moisturizing

S U R G I C A L   G L O V E S

## Latex powder-free surgical gloves, featuring a built-in moisturizer to rehydrate the skin

- **Soft, supple skin:** GAMMEX® Latex Moisturizing surgical gloves feature a proprietary skin moisturizing technology, enabling a water-based coating with glycerol and dimethicone to retain moisture and rehydrate dry skin, improving the wearer's skin condition
- **Exceptional comfort:** These gloves are also designed using anatomic formers for added comfort and fit
- **Enhanced grip:** With a smooth finish and micro-textured external surface around the palm and fingers, these surgical gloves deliver excellent grip under dry or damp conditions
- **Easy donning:** Ansell's donning aid technology facilitates an easy first don, whether the wearer's hands are dry or damp
- **Optimal allergy prevention:** Additional cleaning processes ensure low residues of latex proteins and chemical accelerators, minimizing the risk of developing latex Type I and chemical Type IV allergies and sensitivities

**CAUTION:** Safe use of these gloves by latex-sensitized individuals has not been established – this product contains natural rubber latex, which may cause allergic reactions

### Recommended For

- Damp donning
- Extra comfort during long, sustained procedures
- Use as an underglove when double gloving

### FEATURED TECHNOLOGIES

### GAMMEX® Innovation that Protects

Driven by innovation, GAMMEX® surgical gloves are engineered to respond to the evolving user needs of the surgical community. Featuring unique formulations and cutting-edge technologies, ergonomic comfort and superior protection, healthcare workers around the world entrust their hands to ours.
