

MICRO-TOUCH® Blue Nitrile

Standard Thin

Nitrile, powder-free medical exam glove with exceptional fit and reliable protection

- **Comfortable fit:** These non-sterile gloves features an advanced stretch formulation for ultimate comfort, fit and feel
- **Heightened sensitivity:** Advanced formulation provides better tactile sensitivity
- **Strong barrier integrity:** An AQL better than required by industry standard ASTM D6319 delivers consistent, high-quality production
- **Smartly packed:** 200-count packaging reduces waste
- **Specialized protection:** Tested for use with 17 chemicals and approved for use with chemotherapy drugs, making it ideal for nearly all clinical settings

*see product packaging for details

Recommended For

- Tested for use with chemotherapy drugs
- Protection from Type I latex allergy in HCW's or patients
- Standard, moderate risk examination procedures
- Environmentally friendly facilities

FEATURED TECHNOLOGIES

MICRO-TOUCH® Everyday, Everywhere Protection

MICRO-TOUCH® premium medical examination gloves are scientifically designed to complement every need of medical professionals. Sophisticated design features include Ansell ergonomic technologies that ensure comfort during extended procedures, wet grip innovations that prevent harmful mishandling, and micro-thin films for maximum sensitivity. Caregivers who are fully prepared and comfortably protected by versatile MICRO-TOUCH styles have the peace of mind to focus on what matters most: the health and protection of themselves and their patients.

MICRO-TOUCH® Blue Nitrile

Standard Thin
