Light Duty

Fully coated safety gloves designed for impact, cut and liquid protection

- **Advanced defenses:** Developed with F3 Technology™, RINGERS® R068 impact gloves feature a comfortable, dexterous TPR (thermoplastic rubber) design, offering optimal hand coverage
- **Specialized protection:** These hand protection gloves boast fully dipped nitrile coating, granting wearers an effective liquid resistance barrier, for truly reliable personal protection
- **Enhanced features:** Their high-visibility design reinforces wearer protection, while touchscreen-compatible thumb tips, index and middle fingers enable technological interaction without compromising hand safety
- **Strengthened grip:** RINGERS® R068 safety gloves also feature half-dipped palm coating with a sandy finish, offering better grip on wet and dry surfaces, for improved workplace safety

Industries

- Construction
- Oil and gas
- Manufacturing
- Mining
- Automotive Aftermarket
- Chemical
- Emergency Medical Services
- Machinery and Equipment
- Metal fabrication

Applications

- Running tools into the wellbore
- Assembly and disassembly of large pipes
- Engagement and release of drill string slips
- Unloading and stacking pipe
- Set-up of pressure manifold and tubing injector head
- General pumping work
- Loading and hauling
- Assembling and mounting components
- Concentration mixing and palletisation
- Hydraulic repair
- Use of binding agents
- Smelting and cleaning of equipment
- Re-fuel oil fluid and diesel
- Tank Cleaning

R-068

Fully coated safety gloves designed for impact, cut and liquid protection

Key Features

- **Patented TPR design:** For PPE gloves with strong impact protection
- **Fully dipped nitrile coating:** Liquid resistance and hand protection
- **Touchscreen compatibility:** For consistent protection and usability
