

VIKING

VIKING HOT WATER SUIT (HWS)

Hot Water Suit for saturation diving, offshore and military diving

Designed for offshore saturation diving and for commercial and military divers where extended diving periods are required.

Industries

- Military
- Commercial Diving

Applications

- Nuclear pond inspection
- Cleaning ship Hulls
- Clearing a fouled propeller
- Welding and Inspection

KEY FEATURES & BENEFITS

- Designed principally for offshore saturation diving, but is also widely used by commercial divers and military divers where extended diving periods are required
- A constant supply of hot water inside the suit keeps the diver comfortable throughout the dive
- Flexible material and pattern layout
- Abrasion resistant RO-TEX nylon exterior for durability
- PU coating for ease of cleaning
- Seams are sealed with glue for added protection
- PU reinforcements on knees and elbows
- Unique "click" function valve with 3 flow settings and dump mode, for increased diver comfort

Performance Standards
