

52-547

Offers superior resistance to abrasion and good protection against snags, cuts and puncture.

Previously known as: Hyd-Tuf™52-547

Jersey-lined work gloves with a nitrile coating, for hard-wearing protection and comfort

- Added protection: Durable by nature, ActivArmr® 52-547 work gloves offer abrasion, puncture and cut resistance, while also repelling grease, oil and dirt
- Enhanced grip: ActivArmr® 52-547 abrasionresistant gloves also offer excellent grip performance in dry conditions, for quick and easy handling
- Increased comfort: Their jersey liner ensures they are snug protective gloves, cushioning the hands and absorbing perspiration to keep them dry and comfortable

Industries

- Automotive
- Metal fabrication

Applications

- Handling metal sheets & panels
- Assembly & inspection of components
- Press injection molding
- Chassis assembly, body trimming
- Handling materials with sharp or rough edges
- Adjusting panels parts components

52-547

Offers superior resistance to abrasion and good protection against snags, cuts and puncture.

Previously known as: Hyd-Tuf[™]52-547

Key Features

- Nitrile-impregnated coating: Advanced grip and abrasion resistance
- Soft and flexible design: For comfortable, dexterous safety gloves

Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024

3111A
