

## Thick natural latex rubber gloves, granting superior protection for heavy-duty applications

- **Advanced defenses:** With 0.73mm/29 mil thickness, AlphaTec® 87-950 black protective gloves are 50% thicker than standard flock-lined gloves, for greater durability and superb mechanical and chemical resistance\*
- **Increased comfort:** Thanks to their pure cotton flock lining, AlphaTec® 87-950 hand protection gloves also absorb perspiration, keeping hands dry and comfortable with sustained wear
- **Enhanced cleanliness:** These chemical-resistant gloves also undergo an external chlorination treatment, for added cleanliness
- **Assured quality:** In addition, they boast an AQL of 1.5

*\*protects against ketones, salts, detergents, alcohols, alkalis and fats*

### Industries

- Construction
- Machinery and Equipment
- Infrastructure Maintenance
- Chemical

### Applications

- Maintenance of plant and heavy equipment
- Chemical processing and preparation
- Janitorial use

# AlphaTec®

ADVANCED CHEMICAL PROTECTION
