

## Long-sleeve PVC-coated gloves, ensuring comfort and dexterity even in cold conditions

- **Augmented dexterity:** AlphaTec® 23-201 protective gloves' soft PVC coating ensures high levels of dexterity and pliability, even at low temperatures
- **Strengthened grip:** Their dipped sandblast finish gives them a rough surface, ensuring excellent grip in wet conditions
- **Elevated comfort:** Thanks to a 13-gauge knit cotton liner, these PVC-coated gloves also grant wearers high levels of comfort
- **Enhanced features:** Their heat-sealed extended sleeve guards against dust, resists liquids and ensures additional wrist protection
- **Food handling compliance:** AlphaTec® 23-201 industrial gloves also adhere to relevant FDA and EU food handling requirements, making them suitable for varied food processing applications

### Industries

- Automotive
- Food Processing
- Oil and gas
- Chemical
- Janitorial / Sanitation

### Applications

- All food processing applications that have food contact
- Seafood processing
- Cold Storage
- Chemical processing and preparation
- Janitorial use
- Preparation of site - unloading of lines and valves

Previously known as: VersaTouch® 23-201

### Key Features

- **Soft PVC coating:** For pliable, dexterous gloves, even in cold conditions
- **Rough sandblast finish:** Superb grip performance in wet environments
- **13-gauge knitted liner:** For lightweight everyday comfort
