

Medium-duty natural rubber latex gloves, providing a balance of strength, sensitivity and grip

- **Heightened protection and durability:** Thanks to their natural rubber latex formulation, AlphaTec® 87-297 medium-duty safety gloves blend tensile strength with excellent puncture, snag and abrasion resistance
- **Enhanced grip:** These natural rubber gloves' fish scale design and recessed diamond pattern deliver strong grip performance in both wet and dry conditions
- **Elevated comfort:** Designed with 100% cotton flocking, these protective gloves prevent perspiration from building up internally, improving wearer comfort and enhancing fingertip sensitivity
- **Food handling compliance:** They make for suitable food safety gloves as they satisfy relevant FDA food handling standards (21 CFR 177.2600)

Industries

- Food Processing
- Chemical
- Manufacturing
- Agriculture

Applications

- Chemical Handling
- All food processing applications that have food contact
- Maintenance of plant and machines
- Fruit and Vegetable Processing

AlphaTec®

ADVANCED CHEMICAL PROTECTION

87-298

Mediumweight, natural rubber glove with flock lining
