SURGICAL GLOVES

Hybrid synthetic surgical gloves offering the comfort of polyisoprene and strength of neoprene

- Certified ergonomic performance: This PI surgical glove is certified by United States Ergonomics with a reported 32.3% reduction of hand muscle effort**
- **Double gloving advantage:** This semi-transparent glove is an excellent outer glove for double gloving with a colored under glove to offer easy breach detection
- Chemo-tested: ASTM D6978 tested and may be used with a range of chemo drugs***
