

59-801

Cane mesh sleeve for maximum cut protection

Previously known as: Ansell

Durable cut-resistant protective sleeves, combining flexibility and cool-feeling comfort

- Added protection: HyFlex® 59-801 arm protection sleeves are made from high-density, cane-meshed heavy nylon, specially woven to provide high levels of cut resistance, while enhancing durability
- Elevated comfort: Their uniquely designed highdensity nylon formulation also provides wearers with cool-feeling breathable comfort, for genuinely easy-to-wear personal protection
- Enhanced features: Thanks to their special Velcro® closure, these protective sleeves deliver additional comfort and are both easy to don and remove

Industries

- Automotive
- Machinery and Equipment
- Food Processing

Applications

- Handling metal sheets & panels
- Handling parts with sharp, rough edges
- Feeding the press and removing spare parts from it
- Seizing structural and body parts
- Primary cutting
