

# HyFlex®

ADVANCED MECHANICAL PROTECTION

## 78-403

Low lint glove with good breathability and comfort

Previously known as: Eliminator™78-403

Multi Purpose

Light Duty

## Multipurpose safety gloves protecting products from cotton-lint and hand contamination

- **Increased defenses:** HyFlex® 78-403 versatile hand protection gloves' extended wrists provide better forearm coverage and ensure properties continuity with garments, reducing workplace injuries
- **Improved breathability and comfort:** These Ansell HyFlex® gloves feature a thin design, which results in good breathability as well as comfort, while preventing hand contamination when handling small components
- **Added protection:** In addition, these industrial gloves have low-lint properties, which protects products from cotton-lint and hand contamination

### Industries

- Automotive

### Applications

- Applying sealers, touching up

Previously known as: Eliminator™78-403

### Key Features

- **Extended wrist:** For forearm coverage and properties continuity with garments
- **Good breathability and comfort:** Comfortable, protective gloves
- **Low-lint properties:** Protects from cotton-lint and hand contamination

### Performance Standards & Regulatory Compliance

ANSI/ISEA 105-2024

EN388: 2016
