Cut-resistant impact gloves, with a TPR design and knit shell for dexterous comfort

Cut

Impact Abrasion Protection

Light Duty

Cut-resistant impact gloves, with a TPR design and knit shell for dexterous comfort

- Specialized defenses: Thank to a breathable knit shell developed with RINGERS[®] F3 Technology[™], these impact-resistant gloves combine advanced, EN/ANSI-certified cut resistance with excellent comfort and dexterity
- Added protection: In addition to their knit shell, RINGERS[®] R065 safety gloves boast a patented TPR (thermoplastic rubber) design and half-dipped nitrile palm, ensuring ANSI/ISEA-compliant impact protection
- Enhanced features: Their high-visibility design, with touchscreen-compatible thumb tips, index and middle fingers, enhance user-friendliness, while improving workplace safety
- Improved grip: Their half-dipped coating features a palm with a sandy finish, offering wearers secure grip in wet and dry environments, for greater overall hand safety

Industries

- Manufacturing
- Mining
- Oil and gas
- Construction
- Automotive Aftermarket
- Machinery and Equipment
- Metal fabrication
- Utilities
- Warehousing

Applications

- Makeup and breakout tools
- Running tools into the wellbore
- Engagement and release of drill string slips
- Preparation of site set-up and disassembly of tool string
- General pumping work
- Operating of heavy machinery
- Equipment maintenance and repair
- Pipe handling
- Handling parts with sharp, rough edges
- Scaffolding
- Loading and hauling
- Assembling and mounting components

R-065

Cut-resistant impact gloves, with a TPR design and knit shell for dexterous comfort

Key Features

- Breathable knit shell: Cut resistance, dexterity and comfort
- **TPR material:** For protective gloves that ensure impact protection
- Touchscreen compatibility: Enhanced safety and usability

Performance Standards & Regulatory Compliance
