

Previously known as: MICROGARD[®] 1800 Ts PLUS - Model 111

Lightweight, breathable full-body protection suit, featuring microporous laminate technology.

- **Specialized protection:** Made from microporous laminate material, the AlphaTec[®] 1800 Ts PLUS Stitched & Taped - Model 111 protects against particulates and low-hazard liquid spray*
- **Heightened breathability:** This microporous laminate fabric is permeable to air and water vapor, reducing the risk of heat stress
- **Reduced contamination risks:** As it is low-linting in nature, the risk of cross contamination in critical areas is also minimized
- **Enhanced fit and features:** An optimized fit means personal protection in optimal comfort, with stitched and taped seams enhancing this protective suit's strength further and elastication boosting wearer comfort
- **Decreased surface defect risks:** This protective outer garment's silicone-free construction also makes it appropriate for spray-painting applications
- **Assured antistatic properties:** In addition, it has been tested against EN 1149-5 and AATCC 76 standards

*this chemical-protective suit ensures CE Category III Type 4/5/6 protection
